

UCSI/IBC/ANNEX 2
PROJECT EXTENSION & NOTICE OF TERMINATION

SECTION D : ADVERSE EVENTS

a)	Have any adverse events occurred since the project approval or last request for project extension approval? Yes No
b)	If so, was an Incident Reporting Form submitted to the IBC as required by the IBC regulation? Yes No

SECTION E : CERTIFICATION

I certify that the above information accurately describes the current status of the modern biotechnology activities that was previously approved by the IBC. I understand that I must resubmit a new NBB/N/CU/10/ANNEX 5 (Notification for contained use and import for contained use activities for classes 1, 2, 3 and 4) form in the event my use of, or amount of LMO/rDNA materials changes, or if I have terminated my use /possession of LMO/rDNA and wish to begin modern biotechnology activity again.
