

DEAN'S MESSAGE

Associate Professor Dr Mogana Sundari Rajagopal, Dean

The past months have been a testament to our unwavering commitment to excellence in pharmaceutical sciences. From January to April 2023, we achieved remarkable milestones and hosted a highly successful event that showcased our faculty's prowess.

I would like to express my heartfelt appreciation to everyone involved in organizing the International Research Conference on Pharmaceutical and Allied Sciences (IRCPAS 2.0) which was held from the 9th to the 12th of March 2023. This extraordinary event, held in conjunction with our esteemed partners, provided a platform for sharing ground-breaking research and fostering meaningful collaborations. Renowned speakers and experts from around the world, including Japan, Indonesia, India, Thailand, and the United States of America, came together, creating an enriching environment for intellectual discourse and innovative ideas. The success of IRCPAS 2.0 reflects our commitment to advancing knowledge in pharmaceutical and allied sciences. The research presented at the conference showcased our commitment to addressing the complex challenges of the industry.

I am immensely proud of our faculty members and students for their contributions to this significant event and their relentless pursuit of research excellence.

We also had several students and lecturers win Gold Medals at the Malaysia Technology Expo 2023 held in March for their extraordinary efforts in creating innovative products in health and personal care. Our faculty has come a long way since its beginnings past 23 years to create its mark in the field of formulation and innovation.

Looking ahead, I am excited about the opportunities that await us in the coming months. FPS is dedicated to pushing the boundaries of knowledge and making a positive impact in the field of pharmaceutical sciences. Together, we will nurture the next generation of pharmacy and formulation science students and strive for excellence in research, teaching, and innovation.

Here's to a successful and fulfilling year ahead.

PHA MACYCONNECT newsletter is a bimonthly publication of the Faculty of Pharmaceutical Sciences (FPS), UCSI University, Kuala Lumpur.

Inside this issue:

- IRCPAS 2.0 @ FPS
- Launching of CMed Programme
- IRCPAS 2.0: Mental Health Workshop
- Scientific Sessions @ IRCPAS 2.0
- IRCPAS 2.0: Compounding Workshop
- Nuclear Medicine: Challenges and Opportunities for Malaysia @ IRCPAS 2.0
- Students Corner
- A Sneak Peek Into FPS
- Upcoming Events
