DEAN'S MESSAGE

Associate Professor Dr Mogana Sundari
Rajagopal, Dean
Faculty of Pharmaceutical Sciences

Dear Colleagues,

What a remarkable year 2019 has been! I want to extend my deep gratitude to the Faculty of Pharmaceutical Sciences (FPS) team for their commitment and hard work that have made the last year a memorable one.

Together, we are realising what is possible when excellence is driven by the core values of the faculty.

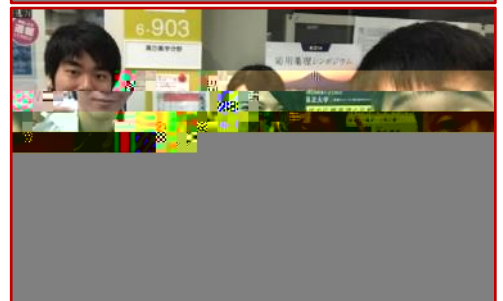

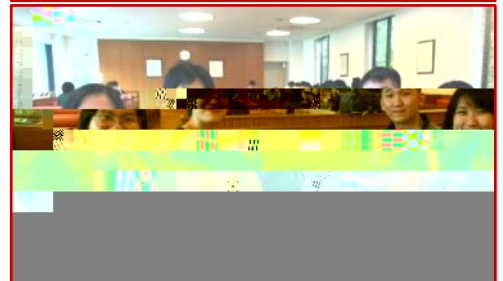

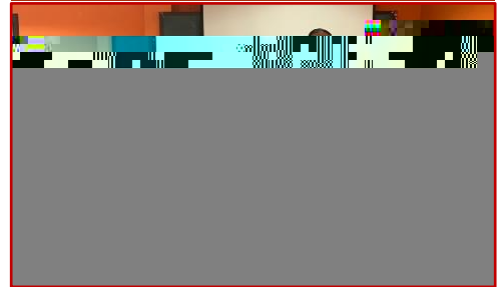

The faculty ensures quality in all that we do, conducting our self and processes with ethics and professionalism through which the team finds strength in teamwork.

Keeping abreast with latest developments and working towards praxis experience for our students enable us to become one of the most trusted faculties and the top private university in the country.

Faculty of Pharmaceutical Sciences has undertaken an ambitious goal, which is to produce pharmacists of highest calibre who positively impact local and global healthcare. The exceptional work of the team as patient care providers, educators, researchers, and behind-the-scenes support staff proves that we strive to make profound difference.

I look forward to seeing what more we can achieve this year. It is my great privilege to work alongside such an ambitious, driven and compassionate team.

STUDENT ACHIEVEMENT: BEST POSTER

MOU signing with Universitas Muhammadiyah Purwokerto, Indonesia. Students' visit to University of British Columbia, Canada.

MOU signing with Nuvanta Sdn Bhd. Students' visit to Nihon Pharmaceutical University,

Some glimpses from the sharing sessions and public talks.

Some high impact publication from FPS

FPS has an established track record since year 2000 in offering courses, degree programmes and many other programmes related
